3M8210V PARTICULATE RESPIRATOR N95

Model WEL3M8210V

Product specifications

This disposable N95 particulate respirator featuring 3M™ Cool Flow™ Valve helps provide comfortable, reliable worker respiratory protection against certain non oil based particles. Ideally suited for hot/dusty work settings or long periods of wear. The lightweight, disposable N95 particulate dust respirator is designed to help provide quality, reliable worker respiratory protection. 3M uses a variety of innovative features to help you meet your respiratory protection and comfort needs. The respirator incorporates 3M's proprietary technology with advanced electrostatically charged microfiber filter media. The proprietary 3M™ Cool Flow™ Exhalation Valve reduces heat build up inside the respirator to help keep the wearer more comfortable. Its adjustable noseclip and cushioning nose foam help provide a custom and secure seal. These features help promote greater worker acceptance and may help increase wear time. * N95 approved filtering facepiece particulate respirator * 3M™ Cool Flow™ Exhalation Valve * Compatible with a variety of protective eyewear and hearing protection. * Adjustable noseclip helps provide a custom and secure seal * Two strap design with stapled dual point attachment helps provide a secure fit. * Suggested applications: Grinding, Sanding, Sweeping, Bagging and other dusty operations. * Can also be used to help reduce inhalation of certain airborne biological particles like mold, Bacillus anthracis, Mycobacterium tuberculosis, etc. Example applications include emergency or pandemic preparedness planning, stockpiling, etc.
