3M 8233 PART RESP FLOW VALVE N100

Model WEL3M8233

### Product specifications

This disposable N100 particulate respirator is designed to help provide comfortable, reliable worker respiratory protection against certain non oil based particles. Features 3M™ Cool Flow™ Valve, foam face seal, adjustable straps and individual packaging. 3M™ Particulate Respirator 8233, N100 is a disposable particulate respirator that is designed to help provide reliable respiratory protection of at least 99.97 percent filtration efficiency against certain non oil based particles. Soft inner material provides added comfort while the cup shape design makes the respirator spacious and durable. Adjustable noseclip helps provide a custom secure seal. Fully adjustable head straps help provide a secure seal. The respirator incorporates 3M's proprietary technology with advanced electrostatically charged microfiber filter media designed for ease of breathing. This respirator is compatible with a variety of protective eyewear and hearing protection. Recommended applications include foundry operations, grinding, petrochemical manufacturing, processing of minerals, and welding. Industries in which this respirator is commonly used includes construction, general manufacturing, mining, oil and gas, and transportation. Fitted with a 3M Cool Flow™ Exhalation Valve, this respirator is ideally suited for work situations involving heat, humidity, or long periods of wear. The proprietary 3M Cool Flow valve is designed to release hot, humid exhaled breath quickly, helping to prevent an unpleasant build up of heat inside the facepiece a significant cause of discomfort to respirator wearers

- Cake resistant media filter
- Suggested applications: lead, cadmium, arsenic
- NIOSH's highest rated filtration efficiency in a disposable respirator N100
- 3M™ Cool Flow™ Exhalation Valve reduces heat build-up inside the respirator
- Compatible with a variety of protective eyewear and hearing protection
- Adjustable noseclip helps provide a custom secure seal
- Individually packaged
- Advanced Electret Media is designed for ease of breathing
- Qty: 1 per bag
