

1000 Watt Magnetic Core Drill MAG 32

- Large stroke, therefore suitable for use of core drills, spiral drills and countersinks
- Magnetic base with high holding power permits working on vertical surfaces and overhead
- Metabo Long-life motor with patented dust protection for long service life
- Integrated coolant container for easy to dose internal cooling of the core drill
- Bright LED light for easy alignment in poor light conditions
- Swarf protection can be fixed without tools and protects the user from metal shavings and tool contact
- Protective circuit starts motor only if the magnet is activated
- Restart protection: prevents unintentional start-up after power supply interruption
- Lockable slide for comfortable tool change
- Handle for easy carrying and lifting
- Resistant mains cable (5 m) with rubber shroud

Order no.	600635620
EAN code	4007430238283
Rated input power	1.000 W
Output power	520 W
Max. drill-Ø with core drill	32 mm
Max. drill-Ø with spiral drill	13 mm
Maximum drilling depth	50 mm
No-load speed	700 rpm
Revolutions at rated load	450 rpm
Bit retainer	Weldon shaft 19 mm (3/4")
Weight	11,9 kg
Cable length	5 m
Torque	50 Nm
Max. depth of feed	160 mm
Max. magnetic holding force	12.250 N
Dimensions of the magnet base	90 x 189 mm
Height carriage lowest position	343 mm
Height carriage topmost position	490 mm

Scope of delivery

Ejector pin 75 mm, Safety strap, Hexagon socket wrench SW 4, Swarf protection guard, Transport case
