

1,200 Watt Magnetic Core Drill MAG 50

- Large stroke, therefore suitable for use of core drills, spiral drills and countersinks
- Magnetic base with high holding power permits working on vertical surfaces and overhead
- Metabo Long-life motor with patented dust protection for long service life
- Vario-Tacho-Constamatic (VTC)-Full Wave Electronics for work with materials requiring customised speeds, which remain constant under load
- Clockwise/anti-clockwise rotation with thread cutter
- Durable two-speed gearbox with oil bath lubrication for ideal speeds
- Integrated coolant container for easy to dose internal cooling of the core drill
- Bright LED light for easy alignment in poor light conditions
- Swarf protection can be fixed without tools and protects the user from metal shavings and tool contact
- Protective circuit starts motor only if the magnet is activated
- Overload protection: protects the motor from overheating
- Restart protection: prevents unintentional start-up after power supply interruption
- Lockable slide for comfortable tool change
- Handle for easy carrying and lifting
- Resistant mains cable (5 m) with rubber shroud

Order no.	600636620
EAN code	4007430238290
Rated input power	1.200 W
Output power	620 W
Max. drill-Ø with core drill	50 mm
Max. drill-Ø with spiral drill	20 mm
Maximum drilling depth	50 mm
Thread cutting	M 16
No-load speed	100 - 250 / 200 - 450 rpm
Revolutions at rated load	250 / 450 rpm
Bit retainer	Morse taper MK 2 / Weldon shaft 19 mm (3/4")
Weight	12,7 kg
Cable length	5 m
Torque	90 / 50 Nm
Max. depth of feed	160 mm
Max. magnetic holding force	12.250 N
Dimensions of the magnet base	90 x 190 mm
Height carriage lowest position	457 mm
Height carriage topmost position	610 mm

Scope of delivery

Industrial holder for Weldon shank 19 mm, Ejector pins 75 and 100 mm, MK 2 drift key, Safety strap, Hexagon socket wrench SW 5, Swarf protection guard, Transport case
